

## Ageing and Dementia

**Presenter: Dr Meng Chew** MBBS, MMed (Geriatrics)

Ageing is an issue that concerns all of us and especially the impact on the brain. Identifying and managing dementia is daunting and challenging, even for the experts. This session follows a previous session and is delivered by experienced local Geriatrician, Dr Meng Chew, who will explore the role of GP in Identifying Dementia, Dementia Assessment and management.

**Note:** This event will be held in the new **NBM PHN** offices at the **Western Sydney University Werrington South Campus**

### Topics:

- How aging affects the brain
- Dealing with cognitive decline
- Using available tools for dementia diagnosis
- How to monitor the effect of treatment
- Be aware of carer's issues and support services
